

For Immediate Release:

SAP Americas recognizes New Dimension Solutions' participation in their 2006 Field Sales Kickoff (FKOM'06) meeting as part of an exclusive group of partners that has extensive access to the SAP field team.

San Antonio, February 1, 2006 – New Dimension Solutions, Inc (NDS) www.nd-solutions.com for a second consecutive year engaged with the SAP Americas Field Sales teams to discuss SAP's go-to-market plans and to develop unique competitive approaches to building business together.

As the Preferred Services Partner for the SAP Enterprise Asset Management (EAM) space, NDS executives and sales management discussed its support of SAP's strong 2005 results and its plans to assist growth around the areas of:

- Establishing platform leadership
- Extensions of the platform into BI applications
- Middle-market expansion
- Third-party solution extension
- Investment in emerging industries

SAP announced additional support for its partners in key areas of marketing and quality assurance to ensure continued expansion of its leadership in the core enterprise space. This support includes acceleration of customer satisfaction and participation in every implementation through Safeguarding services.
